### ENERGEX LIMITED PUBLIC LIGHTING MANAGEMENT STANDARD

---

- a) **'Category V' lighting** means lighting that is applicable to roads on which the visual requirements of motorists are dominant, for example, traffic routes.
- b) **'Category P' lighting** means lighting that is applicable to roads on which the visual requirements of pedestrians are dominant, for example, local roads and outdoor public areas.
- c) **'Category PX' Lighting** used for Pedestrian crossings unless otherwise specified by Council. Floodlighting is to provide illumination in the vertical plane so that the person is contrasted against the background. Within Category PX, there are three subcategories (Refer AS/NZS1158.4).

**Public Lighting (Road Lighting)** means lighting for any roadway, pathway or dedicated public thoroughfare, park or precinct (Lighting provided in accordance with the AS/NZS 1158 series).

**Public Lighting Assets** means all assets of the Public Lighting Service Provider or the Public Lighting Customer that are dedicated to the provision of Public Lighting, including lamps, luminaires, mounting brackets and supports on which the fixtures are mounted, supply cables and control equipment (for example, photoelectric cells and control circuitry) but not including the Public Lighting Service Provider's protection equipment (for example, fuses and circuit breakers).

**Public Lighting Code** means the Australian Standard AS/NZS 1158 series.

**Public Lighting Customer** means a Council (as defined by the *Local Government Act 2009* (Qld)), or Local, State or Federal Government agency that has authority over areas with Public Lighting.

**Public Lighting Customer Liaison Representative** means the primary representative of the Public Lighting Service Provider in any dealings with the Public Lighting Customer.

**Public Lighting Network Charges** means charges as approved by the Regulator for the use of transmission and distribution systems to supply Non-Contributed (Rate 1), Contributed (Rate 2) and Unmetered (Rate 3) categories of Public Lighting for the various wattages and types of lamps as published in Energex's Tariff Schedule.

**Public Lighting Policy and Standards** means those standards so described in section 16 of this Standard (from time to time).

**Public Lighting Service Provider** means a Distribution Network Service Provider providing Public Lighting Services.

**Public Lighting Services** means any of the following services that may be provided for the purpose of Public Lighting:

- a) operation of Public Lighting Assets, including handling enquiries and complaints about Public Lighting, and dispatching crews to repair Public Lighting Assets;
- b) maintenance, repair, alteration, relocation and replacement of Public Lighting Assets; and
- c) design of new Public Lighting Assets; installation of new Public Lighting Assets.

**Rate 1 Lighting** means unmetered lighting (non-contributory) Public Lighting supplied, installed, owned and maintained by Energex, the tariff for which includes components supply and installation and recovery over time.
