

Esitrain News

June 2019

We are ready to go live! – New Esitrain Website

The new Esitrain Website will be launched on Monday the 1st of July 2019.

The address for the new Esitrain Website is www.esitrain.com.au

The Esitrain booking staff can now be contacted on bookings@esitrain.com.au

The new Esitrain Website can be accessed using computers, tablets and mobile phones.

All nominations for Energex and Ergon related training will be managed through this new Website.

The new Esitrain website provides the details of the training courses currently scheduled at all of the training locations, their specific prerequisites and the costing to attend a training session.

New Training Nominations Form

A new Training Nominations Form will be activated on the Esitrain Website from Monday the 22nd of July 2019.

This new form introduces a number of improvements that will make nominating for training courses much simpler and easier.

The new form allows for multiple courses (Online and Face to Face) to be nominated for at the one time.

It also introduces a pre-populating feature that removes the need to repetitively include the same information.

Standard costing model

On the 1st of July 2019, the Esitrain standard training costing model will be initiated for all training delivered by Esitrain for persons who want to work on or near the Energex and Ergon electricity networks.

All Online training courses will be charged at \$60 + GST per person, per course.

All scheduled Face to Face, in classroom training, will be charged at \$540 + GST per person, per course, per day.
(Minimum course participants apply + additional charges may apply for customer requested non-scheduled Face to Face training).

New Esitrain Contacts

For all training enquiries:
