REVISION HISTORY TO CURRENT VERSION

Manual:	Overhead Construction Manual	Last Updated:	15/11/2019
		Current:	From update 32

This page(s) lists updates that have been completed within this manual since its last official print release.

When a relevant Standards Alert is issued the update is now simultaneously updated in the online manual, maintaining it as a complete current document.

When next released, this list is moved to the Amendments' section and a new "Revision History" is initiated.

Stds. Alert	Sect/Page	Ver.	Brief Description	Date Online Manual Update
