Operational Update

Energex Contestable Works “For Construction” drawings

Issue # C-0017 – 24/07/2020

Target Audience:

Energex Accredited Design Consultants

Introduction:

Contestable Works and Network Data departments have recently reviewed the “Approval to Construct” process and the timing of “For Construction” drawings (also known as “as issued”).

This update is to apply consistent timing for the submission of “For Construction” drawings by Accredited Design Consultants.

Contestable Works department will require “For Construction” drawings prior to issuing the Approval to Construct.

Requirements for Contestable Works to issue the Approval to Construct:

- Developer signed Subdivision Electricity Supply Agreement or Public Lighting Supply Agreement submitted to Contestable Works department.
- All payments have been made including Bond if applicable.
- Construction Detail Sheet submitted to Contestable Works department.
- “For Construction” drawings submitted to Contestable Works department.

Implementation Date

This process is effective from 27th July 2020.
