Operational Update

Energex Contestable Works

Subdivision Standards v1

Issue # C-0041 – 05/07/2022

Target Audience:

Energex Accredited Service Providers (ASP)

Introduction

This update provides the targeted audience with information in relation to the design and construction of Contestable Works Subdivisions.

Subdivision Standards

Energex has completed a major review of the Energex Subdivision Standards. Most changes in the document have been previously applied via Operational Updates or general email correspondence from the Contestable Works team.

Please consider this to be a new standard as no revision details have been provided.

A copy of the document can be found on the Energex website.

https://swp.energex.com.au/service_providers/technical_docs/asp/technical_documents.asp

Implementation Date:

These changes are effective on all Contestable Works designs submitted for a Subdivision Electricity Supply Agreement from 1st September 2022.
